

Give Your Employees Something to Smile About

Better oral health can help manage overall benefit plan costs. It's an investment in general wellness. With Nova, it's easy and affordable for employers to provide the customized dental benefits employees and their families need.

Access to Providers

More choice. More convenience. Nova offers access to nationally-recognized dental networks in addition to Nova's proprietary dental networks. In Western New York, provider relationships are managed by our in-house network analyst, dedicated to ongoing recruitment to enhance network access. And, Nova partners with dental networks who also value member choice by evaluating and adding member-preferred providers.

Flexible Plan Designs

Employers are able to create the ideal plan design, moving procedures between service categories to cut costs. Various levels of benefits include:

- **Preventive** – Exams, cleanings and fluoride treatments
- **Basic** – Fillings, X-rays and sealants
- **Major** – Crowns, bridges and dentures
- **Orthodontia** – Optional, available for children and adults

Our commitment to service excellence ensures plan participant satisfaction and supports clients with a point of contact to ensure employers are able to offer high quality, affordable dental plans.

App & Member Portal

Nova's secure online Consumer Information Center offers immediate access to individual coverage, plan and claims information. The Consumer Information Center is Nova's tool for plan participants to access online account information including:

- Member and plan information
- Coverage type and effective dates
- Deductibles and claims
- Easy access to provider directories
- Access to frequently used forms

Plan participants can also use the website to access answers to frequently asked questions, healthy living information, submit questions online, and order ID cards.

The MyNova App lets you take your benefits with you wherever you go. With MyNova you can access plan details, review recent claims, find a provider, shop LifeMart discounts and view the front and back of your ID card. You can even email your card information right to your provider.
